

Hexa-Caine™ Spray

Topical Anti-Itch Spray for Dogs & Cats

Skin irritations can make pets miserable leading to more damage to the skin or irritated areas from scratching biting or rubbing. Hexa-Caine™, a topical anesthetic/antiseptic spray helps relieve itching and pain caused by hotspots, fleabites, allergic dermatitis and other minor canine and feline skin irritations. Hexa-Caine has a soothing non-stinging aloe-lanolin base to help support healing and contains Bitrex® to deter fur and wound biting.

Why Hexa-Caine?

- Non-Sticky
- Contains Bitrex to stop fur and wound biting
- Speeds Healing
- 4oz Spray Bottles
- Antiseptic to stop the pain fast

Available Sizes

- 4oz Spray Bottle

Do not use on severely traumatized or irritated skin

Hexa-Caine™ Spray

Topical Anti-Itch Spray for Dogs & Cats

ACTIVE INGREDIENTS:

Lidocaine HCl, 2.46%

INDICATIONS:

A combination of ingredients for providing quick, soothing relief associated with minor skin irritation.

CONTAINS:

Benzethonium, chloride, allation, Bitrex® (denatonium benzoate), aloe vera and lanolin

DIRECTIONS FOR USE:

Shake well and apply liberally to affected areas. Gently wipe away excess spray and around the effected area with sterile guaze or cotton. Repeat as often as necessary for continued relief.

For animal use only.

KEEP OUT OF REACH OF CHILDREN AND PETS.

FOR EXTERNAL USE ONLY:

Avoid contact with eyes. Do not use on severely traumatized skin or irritated skin. If undue skin irritation develops or increases, discontinue use and consult your veterinarian.

Store at room temperature

15°-30°C (58°-86°F)
