## All-Natural Combination of Enzymes in a Palatable Powder

ProZyme® is an all-natural combination of plant derived digestive enzymes in a palatable powder form. Made from only the highest quality enzymes, ProZyme was developed to increase nutrient absorption.

When an animal, for whatever reason, does not produce sufficient enzymes for proper digestion, nutrients are not available for absorption. The vitality of the animal decreases and symptoms such as hair loss, skin scaling or diarrhea may be observed.

ProZyme can be asolid front-line defense that may increase vitality while the cause of these and other symptoms are being diagnosed. Often, the addition of ProZyme to the animal's diet is sufficient to alleviate symptoms and, in the absence of an alternate diagnosis, may solve digestive issues.

The four enzymes included in the ProZyme formula address the most common digestive problems:

- Protease breaks down proteins into amino acids
- Lipase breaks down fats for the proper absorption of lipids
- Amylase breaks down carbohydrates
- Cellulase breaks down fiber/cellulose

ProZyme is a convenient easy-to-use powder that can be sprinkled on the animal's food. And ProZyme is suitable for use with all pet species and can be used with every feeding.

Use ¼ teaspoon per cup of food to assist in the bio-conversion process.

### Available sizes:

- 85 gram – 3 oz
- 200 gram – 7 oz
- 454 gram – 1 lb

## All-Natural Combination of Enzymes in a Palatable Powder

### GUARANTEED ANALYSIS:

Per 1/4 teaspoon (1.25 g).

Moisture	6.0% Max.
Crude Protein	1.0% Min.
Crude Fiber	0.5% Max.
Crude Fat	0.0% Min.

### Enzyme Activity:

Alpha-Amylase	2000 SKBU/gram
Lipase	200 U/gram
Cellulase	50 CU/gram
Protease	8 GDU/gram

### INGREDIENTS:

Milk sugar manufactured from fresh whey, *Aspergillus oryzae* (Alpha-Amylase) fermentation product dehydrated, *Aspergillus niger* (Lipase & Cellulase) fermentation product dehydrated, and bromelain derived from *Ananas comosus* (Protease) dehydrated.

### USES:

For oral use as a plant-derived digestive enzyme supplement in a palatable powder.

### DIRECTIONS FOR USE:

Companion animals:

Under the age of 8 feed 1/4 teaspoon of Prozyme per 1 cup of food.

Over 8 years of age feed 1/2 teaspoon of Prozyme per 1 cup of food.

### STORAGE AND SAFETY:

This product is intended for intermittent or supplemental feeding only.

Store in a dry area out of extreme heat and direct sunlight.

Keep out of reach of children and pets.

For Veterinary use only.
