

STAT[®]

High Calorie Liquid Diet and Dietary Supplement

High energy nutrition in a hurry. STAT[®] High Calorie Liquid Diet and Dietary Supplement combats dehydration and maintains nutrient balances in convalescing, underweight, lactating and working animals.

STAT may be fed "as is" to large and small animals including puppies, dogs, calves, baby pigs and horses that are unable to eat or top-dressed over the animal's normal diet. STAT has been proven to be of value in many stress related conditions, including:

- Pregnancy/lactation
- Underweight conditions resulting from malnutrition parasitic infection or disease
- Dehydration due to prolonged fever, diarrhea and certain kidney conditions – palatability helps encourage water consumption in animals
- Geriatric conditions, such as permanently reduced kidney function

Why Stat?

- Highly concentrated
– provides 185 calories per ounce
- Combats dehydration
- Maintains nutritional balance
- Improves weight gain
- Increases stress resistance
- Easy to administer
– increases client compliance
- Unique manufacturing process
promotes digestion and absorption

STAT[®]
