

# Magna Gel™

*Nutritional Supplement  
for Beef and Dairy Cattle*

*Formulated for quick absorption and easy administration, Magna Gel™ supplies magnesium chloride and calcium chloride to help manage grass tetany caused by inadequate levels of magnesium in the diets of grazing animals.*

- FEATURES**
- Contains magnesium chloride and calcium chloride
  - Can be used in adult cattle and calves
  - No warming necessary
  - No needles
  - 300 mL flow-tube
  - Ready-to-use

- BENEFITS**
- Helps alleviate grazing-related magnesium and calcium deficiencies
  - No milk withdrawal when used on dairy cattle
  - Formulated for quick absorption

*When grazing doesn't supply the  
magnesium and calcium your cattle  
need, trust Magna Gel.*

# Magna Gel™

Nutritional Supplement  
for Beef and Dairy Cattle

## AVAILABLE SIZE:

300 mL flow-tube

## GUARANTEED INGREDIENTS:

Unless otherwise stated, values are minimums

Magnesium 2.0%  
Calcium (max) 0.6%  
Calcium (min) 0.1%

## INGREDIENTS:

Magnesium chloride, dried cellulose, Propylene glycol, Glycerin, Calcium chloride, Methylparaben (preservative), Propylparaben (preservative), Potassium sorbate (preservative), FD&C Yellow 5, FD&C Blue 1

## DIRECTIONS FOR USE:

### *Dairy and Beef Cattle:*

Give two tubes orally daily as condition requires. Hold animal's head in a slightly elevated position. Insert the nozzle of syringe through the interdental space and quickly squeeze product to the back of the animal's mouth. Hold mouth closed until the product is swallowed. Do not use a rope or restraint that could choke the animal.

Use extreme caution to prevent injury to mouth or throat tissue; do not allow the animal to chew on the tip of the tube, which can result in mouth lacerations.

This product is intended for intermittent or supplemental feeding only.

## STORAGE AND SAFETY:

- Store in a cool dry place
- Do not feed to animals with mouth or throat sores
- Keep out of reach of children
- For livestock use only
- Not for human use
- Use only as directed
- Veterinary supervision recommended

*PRN® Pharmacal, an employee-owned company, has been dedicated to developing specialized therapeutics that address the unmet, underserved and overlooked needs of the veterinary medicine community since 1978. Our commitment: quality solutions – as needed, when needed.*
