READ ENTIRE LABEL BEFORE EACH USE.

DO NOT SPRAY ON PETS OR HUMANS.

SHAKE WELL BEFORE USING

KEEP OUT OF REACH OF CHILDREN

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: Wear long-sleeved shirt and long pants, socks, shoes, and gloves.

USER SAFETY RECOMMENDATIONS:

User should wash hands with plenty of soap and water before eating, drinking, chewing gum, using tobacco or using the toilet.

User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

READ ENTIRE LABEL BEFORE EACH USE. DO NOT SPRAY ON PETS OR HUMANS.

Vet-Kem® Home Spray is formulated to stop hatching eggs from developing into adult fleas and kill pre-adult fleas (larvae) before they grow up to bite. Vet-Kem® Home Spray contains a unique combination of ingredients that kills pre-adult fleas before they grow up to bite and kills adult fleas.

It reaches and kills fleas hidden in carpets, rugs, upholstery, and pet bedding. It protects your home from flea build-up, while protecting your pets and family from bites. Use in homes, garages, attics, and apartments.

Vet-Kem® Home Spray kills adult and pre-adult fleas. It prevents pre-adult fleas from hatching into adult biting fleas for 7 months. One treatment gives continuous protection against pre-adult fleas for 7 months.

Vet-Kem® Home Spray kills fleas, ticks, cockroaches, silverfish, earwigs, ants** (except carpenter, harvester, Pharaoh and fire ants), scorpions, spiders, crickets, pillbugs, sowbugs, carpet beetles, confused flour beetles, centipedes, darkling beetles, dermestids, firebrats, flies, fruit flies, gnats, Indian meal moths, lesser grain borers, millipedes, mosquitoes, moths, red flour beetles, saw-toothed grain beetles, wasps, and other listed insects on contact. This product is designed for use on all fabrics and carpeting; however, some natural fibers such as wool and synthetics may be adversely affected by any liquid product - always test a hidden area prior to use. Lighter colored carpets may show some soiling after treatment. To help avoid soiling carpets, allow product to dry completely before walking on treated areas.

To protect your pet against fleas outdoors, use Vet-Kem® Flea, Tick And Bot Spray; Vet-Kem® Flea And Tick Shampoo for Dogs And Cats; Vet-Kem® Flea And Tick Spot On® for Dogs or Cats; or other appropriate products registered for on-animal use.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before using.

USE RESTRICTIONS

Remove or cover exposed food and drinking water before application.

Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.

Do not contaminate food and foodstuffs. Do not use in the edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared, processed, stored, or served.

Do not use in aircraft cabins.

Do not allow adults, children, or pets to enter the treated area until sprays have dried.

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

General Surface, Spot or Crack & Crevice Treatment

Apply as a crack and crevice treatment where pests reside, especially along baseboards, floors, around sinks, windows and doors, and in hidden spaces in cabinets, drawers, closets, behind and under refrigerators, stoves, shelving, furniture and similar areas. Hold bottle at any angle and spray from a distance of 12 inches. Spray about 2 seconds per linear foot.

Fleas: Use Vet-Kem® Home Spray in homes, garages, attics, and apartments. One bottle will treat a surface area equivalent to 350 square feet, approximately three 10' X 11.5' rooms. A fine spray applied uniformly is all that is necessary to kill fleas. Do not wet furniture and carpeting. Remove birds and cover aquariums before spraying. For maximum effectiveness, treat entire carpeted area. Treat carpets, rugs, drapes, and all surfaces of upholstered furniture. Remove old pet bedding and replace with clean fresh bedding after treatment of pet area. Reapply every two weeks if necessary. Vacate treated areas and do not return for at least one hour.

To kill ants** (except carpenter, harvester, Pharaoh and fire ants), cockroaches, silverfish, earwigs, scorpions, spiders, crickets, pillbugs, sowbugs, carpet beetles, confused flour beetles, centipedes, darkling beetles, dermestids, firebrats, flies, fruit flies, gnats, Indian meal moths, lesser grain borers, millipedes, mosquitoes, moths, red flour beetles, saw-toothed grain beetles, wasps, and other listed insects, apply directly to pests.

Bed Bugs: Thoroughly inspect areas of suspected bed bug infestation and note potential or actual sites where bed bugs hide. Remove or pick up clothing and other obstacles that prevent thorough inspection or treatment. Remove and sanitize infested bedding, clothing, or other items. **Do not apply to bedding. Wash bedding and dry using medium to high heat to kill bed bugs.**

Apply Vet-Kem® Home Spray to areas where bed bugs live, especially hidden sites. Apply thoroughly as a spot, crack and crevice, or surface application. Focus applications to hidden sites including behind dressers, cove base, under carpets and furniture, inside and on box springs, under beds, behind mirrors and pictures, and other locations where bed bugs hide.

Apply as a surface application to carpeting, drapes, and flooring at the rate of 1/4 fl oz/3.6 ft² (about 8 pumps). Apply Vet-Kem® Home Spray directly to mattresses, **do not saturate the mattress**, focus applications on seams and folds. Allow mattress to dry thoroughly before replacing bedding.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container away from children and pets. Protect from freezing or high temperatures. **Pesticide Disposal and Container Handling:** Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
